Republican Triumph in Chicago. 1,200 Majority.

The Chicago papers bring details of the vicrory of the Republicans of that city on Tuesday, in electing their whole county ticket, by a majority of 1200, in a poll of 8,994 votes. The Tribuns

and negate to endorse in petite Giant in big own home.

The Republicans have made another clear sweep, and not a slave Democrathles excited the county money in the Treasury, and save county orders from protest.

The Diabetes, Douglasites, Snowhookites and other factions of the bogus Democracy have been signally defeated. They united for the purpose of procuring an endorsement of Douglas, and not a stone was left unturned to secure success. Money was lavishly expended, the whole mediated they wind have been displayed the state of kindless, which have been dealt out without stint or measure, we return him our heartful and most sincere thanks.

Resolved, That we deeply regret the necessity kind were circulated to procure the election of Gleeson, but the people were true to themselves in and their principles, and another victory for Gleeson, but the people were true to themselves and their principles, and another victory for

reedom has been won-THE CARSS CONGESS.—The final contest for the first prize in the grand tournay, in which Messrs. Paul Morphy and Louis Paulsen are an-tagonists, has progressed into the second game. Mr. Morphy won the first on Thursday, at 7 P. Mr. Morphy won the first on Thursday, at 7 P. M. the same day, the second was commenced, and when we left last evening, was not yet concluded. The Congress has decided to restrict each player to half an hour's reflection previous to each move after the conclusion of this game. Hitherto the time has not been restricted, and Mr. Paulsen, in making a move last night consumed 1 hour and fifteen minutes. The rules of the Congress reserve to the Committee of management the right to make this limitation at their discretion. The first prize will probably amount to \$300 to be awarded to the winner of five games in the last [fourth] section. Dr. Rapinel Mr. Libta their are playing their final game in this section.

Horner are playing for the first prize. The for mer has gained one gome, and one has been drawn. Liout. Seeback and Mr. Mantin are the third and fourth prize-bearers respectively, the former gentlemen having won three games out of five of his opponent.—New York Times, 81st

CITY MATTERS. POLICE COURT, Nov. 4.

BEFORE CLINTON WALWORTH, POLICE JUSTOR DRUNE AND DISORDEALY,-Thomas Allen fined

A Course or Legiures.—We do not hear than our Young Men's Association contemplate arrangements for lectures this winter; but we are pleased to learn that a course of Lectures on British India is to be given to commence in two or three weeks, by a gentleman who has resided five years in that country, now the scene of transactions of great interest in the world's history. The subject is one which if well treated, may be expected to draw good houses, and we understand the lecturer to be a man abundantly able to present his facts and

conclusions in an interesting manner. The proceeds of the lectures will go towards the fund for the erection of the edifice of the 2d Baptist Society, on Sycamoer street, facing the 4th Ward Park,

A HANDSOME SAFE. - We have just put up in our Counting Room one of the handsome and very safe Badger State Safes, from the manufactory of Mesers. Berliner & Bruno, o: this city.-For many years we have used one of Herring's safe, but have now replaced it by a home-made safes, because we consider the latter far superior in every way to any other manufactured in the country that we have yet seen. The Badger Sale is now leading off in this State, and not a iew have been shipped to other States during the past year. The reputation of these safes is constantly spreading, and although Messrs. B. & B, have recently added much to their manufacturing facilities, yet they have all they can do to

supply the demand. METROPOLITAN THEATRE.-The comedy of the "Serious Family" was presented at the Metro politan Theatre last night, and was received with roars of laughter. Mr. Johnson makes an inimitable "Aminidab Sleek," and Mr. Mulholland personates the "Bould Captain Maguire" to perfection. In the drama entitled "The People's Lawyer" Mr. and Mrs. R. J. Miller were flatteringly applauded. This evening Mr. Johnson appears in the character of "Adam Brock," in the historical drama of that name, and Mr. Mulholland as the "Iron King." Jessey Macfarland will bring down the house, as usual, with a fancy

dance. CREDITABLE.—It is a noteworthy fact, and one highly creditable to the character of our city, that the election on Tuesday passed off without the alightest disturbance at the polls, or in any part of the city. There was not a single arrest made during the day, and we attribute this in a great measure to the fact that most of the saloons were closed.

COMMISSION BUSINESS, &c .- Mr. H. C. Mowry advertises bimself in another part of our paper, as commission merchant, and agent for the Chicago Sag Co., and Menasha Pail and Tub manufecturies, &c., &c. His place of business is a the office of Cole, Bradley & Co., 212 West Wa ter street.

Accident .- Yesterday forenoon Mr. S. Nolton while driving down Spring street, was thrown, or jumped from a waggon which passed over him. The horse kicked him, breaking his leg and otherwise seriously injuring him.

There will be a sale this morning of store and stove pipe, as also dry goods and clothing by Caleb Wall, City Austioneer.

MESSES. EDITORS :- Permit me to call the as tention of your readers to the advertisement of Mons. Marini, as a teacher of daucing. Having been under his tuition, I can cordially endors his statement in regard to his ability to teach that art, and would assure those who wish to take lessons in dancing that they will find Mr. Makinı an excellent instructor ; affable, agreeable, and gentlemanly. EDS. The Price of Bread.

The present drice of extra flour, such as is used by our city bakers is \$4,50 per barrel, of 198 lbs which, manufactured into dough, produces 295 lbs. And the most correct estimate being, one pound of oaked bread to every eighteen ounces of dough, you have, from one barrel of flour, 202 loaves of baked bread, of one pound each, which at the present price of 5 cts. each is \$13,10. Thus, the baker for his trouble, realizes the enormous profit of two hundred per cent.; while he produces an article of bread inferior in every respect to what is produced by experienced housekeepers.

W. H. K.

W. H. K. P. S. In the old country, if a baker gots the same price for a pound of bread that he pays for a pound of flour, he considers his profits amply remouvarily.

McKibben brothers have since been indicated by the Cumberland Valley Rullroad Co. and placed judge bonds We are informed that Graig has expressed himself several times to persons who have visited Shippensburg, as gratified that the subject has been a metter of higation, as it will now afford him an opportunity to prove his innocence of the charges made against him.

He resides in Plusburgh, where he is engaged in the lumber business, and is said to be a very oss to the paraoider.
Our remedy then, is the adoption of our New York Law in regard to currency, by the General Government, and its extension to every State of the Union.

Government, and its extension to every State of the Union.

But says the reader,—as it cannot be made compulsory, will it be adopted? We answer, beyond the shadow of a doubt. Once strong upon a Bank Bill, "Receivable for all payments due to or from the United States," and there is need to or from the United States, and there is need to or corner of our country where it would not be as good currency as gold or silver; and in most cases, better. This it was which in times past, made a United States Bank bill better than gold; because it was not only par currency, but necess, for the one-half of one per cent, the man in Portland, Maine, could always make it represent gold in New Orleans! Such, we all know, was the case with the bills of the late U. S. Bank; and we know, too, that this value arose out of the fact that they were worth par in all payment to the Government.

It follows then, that most of the Banks in the United States now organized under State Laws, would show sould themselves of such a Law of the world show sould themselves of sanch a Law of the world show sould show sould themselves of sanch a Law of the sanch.

It follows then, that most of the Banks in the United States now organized under State Laws, would also avail themselves of such a Law of the General Government, in order that its paper hight be made currency in all payments to, or by the Government. Such paper would travel everywhere throughout the United States; and as none other would be received out of the immediate vicinity of the Banks Issuing it, we should bear no more of broker establishments for the pur-

no more of broker establishments for the purchase of uncurrent paper.

'As a matter of course, the law should require a very large margin of stocks to insure the redemption of the bills. But there is no difficulty in this regard. If two doltars of stock were required for every doltar issued, it would promptly be furnished. Take, for instance, a Bank of this circle. denot stations, at least to 82 ° 80.

The sentials were ordered to stop the passage with bayoness.
